Currently not in production

Materials:
Laminated plywood, rubber bands

Measurements:
With:60cm. Height: 180cm. Depth: 40cm

Product category:
Furniture

Product status:
Currently not in production

Short Texts:
Storage units for clothes

Long Texts:
For laid back storage of clothes.
An alternative to the rigidity of storage as we know it.
No tissue paper, no closed doors, no starch.
Clothes are generally chucked over beds, chairs or directly on to the floor,
somehow they have felt more at home there than in solid cupboards for a
long time now. These cupboards provide fair treatment to the clothes, the
eyes and the surroundings. They may be leaned against the wall, tilted or
slung on the floor. As casual in positioning as they are in use.
