Short Texts:
A feel-good mirror

Long Texts:
Mirrors are not always a friend. We pass by the mirrors we surround ourselves with at home many times daily. Wouldn't it be lovely if they always portrayed excellent news? The surface of this mirror is covered with lyrics from good (and less good) love songs. All about how beautiful and lovely you are. So there's a feel-good guarantee as long as you don't look too closely behind the text.
